

CITY OF LODI COUNCIL COMMUNICATION

AGENDA TITLE: Set Public Hearing for June 1, 2005, to Consider Resolution Establishing an Area of Benefit and Reimbursable Costs (\$30,000) for Acquisition of Property Located at 14320 North Lower Sacramento Road (APN 058-140-13)

MEETING DATE: May 4, 2005

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council set a Public Hearing for June 1, 2005, to consider a resolution establishing an area of benefit and reimbursable costs (\$30,000) for acquisition of property located at 14320 North Lower Sacramento Road (APN 058-140-13).

BACKGROUND INFORMATION: The construction of the Century Boulevard/Lower Sacramento Road intersection is included in the City's Lower Sacramento Road (Harney Lane to Kettleman Lane) street improvement project. In order to facilitate installation of curb returns and signal improvements at their ultimate locations and prevent sight obstruction hazards, it is necessary to acquire street and temporary construction easements from the adjacent property to the north (APN 058-140-13). The locations of the easements are shown on Exhibit A.

The property owner is willing to provide the necessary street and temporary construction easements in exchange for a payment of \$30,000. Council approved the expenditure of \$30,000 for the easement acquisitions during closed session at the April 20, 2005, Council meeting. The Council's decision regarding the expenditure was reported by the City Attorney during the following open session of the Council meeting. As a condition of Council approval for the expenditure, an area of benefit covering the parcel known as 14320 North Lower Sacramento Road (APN 058-140-13) is to be established to allow reimbursement to the City of the acquisition costs. The reimbursement will be collected in conjunction with the filing of the first application for development-related activity on the property. Development-related activities shall include, but not be limited to, the approval of a growth management plan, filing of a final subdivision or parcel map, issuance of a building permit or connection to City utility facilities.

In conformance with LMC 16.40, staff recommends that Council set a public hearing to establish an area of benefit and reimbursable costs for the parcel known as 14320 North Lower Sacramento Road (APN 058-140-13) to recover the acquisition cost of street and temporary construction easements necessary to allow the installation of the above-mentioned street improvements. The reimbursable costs are \$30,000. Pursuant to LMC §16.40.50.A.3, the reimbursable amount shall be recalculated annually to include an amount attributable to interest, using the Engineering News Record (ENR) 20 Cities Construction Cost Index. Similar adjustments to the reimbursable costs will be made each January until payment is received.

FISCAL IMPACT: No change.

FUNDING AVAILABLE: Not applicable.
